

EZ Koat 15 Plus

- Cost effective, small footprint, entry level flood coating and priming system
- Compact and can be used offline
- Easily apply UV, aqueous, specialty coatings and primers
- Handles substrates up to 14.5" (368mm) wide by unlimited length (hand-fed)
- Provides coating control and speed adjustment on-the-fly with the color touch screen
- Uses Solid State Digital UV lamp controller that permits infinite curing and temperature control, saving power and money
- Eliminates the need for re-circulation of the coating – no waste!
- 2-minute coating change (no tanks to clean!)
- Made in the USA

Enhance the look and value of product brochures, catalog covers, postcards, business cards, flyers, and more using the EZ Koat 15 Plus. This offline coating and curing system provides a quick and easy way to apply UV, aqueous, primer & specialty coatings to a wide variety of substrates including those that are digitally printed. With a small footprint, this high-powered coating system provides abrasion resistance and added durability for products with repeat handling and shipping, protection from the outdoor elements, and shields against chemicals, cleaners, fingerprints, food and water.

UV LAMP:	Solid state - variable UV 70-200 watts/inch (Optional 70-400 watts/inch)
SPEED:	up to 100 fpm (30.5 m/m)
STOCK WEIGHT:	7pt to 30pt (150 to 600 g/m ²)

Kompac Coatings & Primers

A proper coating can enhance the appearance and durability, increasing the printed product's value. Kompac offers a wide range of finishing options, with a complete line of UV, aqueous, specialty coatings and primers available for all products. Kompac will help you create a visually outstanding finished product! Place orders through our website, or by contacting our sales department. Available in 1, 2.5 & 5 gallon pails, these coatings can be ordered and shipped worldwide.

In addition to regular coatings, Kompac has developed custom coating solutions for special applications, and aqueous and UV primers for difficult to print on substrates. These special purpose coatings can be used for the following applications:

- Soft touch • Writing/gluing • Dry erase • Silver/gold scratch off • Blister packaging
- Non-skid/sand • Food grade application • Playing cards • White opaque
