With the Kompac Kwik Finish 26 you can create outstanding visuals with raised 3D spot coating effects and provide high quality finishes using flood UV coatings. The Kwik Finish 26 is a high-end, production-level UV/aqueous coater built to meet the demand of medium/large digital and offset printers. This coating and curing system provides a quick and easy way to apply UV, aqueous, primer and specialty coatings to a wide variety of substrates. From very thin paper to plastics, card stock & lenticular; whether digital or offset output, each job will have the visual appeal, lasting durability, protection and rub resistant finish that your customers expect. Flood or spot coat, the Kompac Kwik Finish is the most flexible, cost effective coating system on the market today for high volume sheet printing!

Kwik Finish is Perfect For:

- HP Indigo
- Xerox
- Konica Minolta
- Océ
- Presstek DI
- Xeikon
- Ricoh
- Kodak
- Canon
- KBA
- FujiFilm & more

Kompac Coatings & Primers

A proper coating can enhance the appearance and durability, increasing the printed product's value. Kompac offers a wide range of finishing options, with a complete line of UV, aqueous, specialty coatings and primers available for all products. Whether you want to flood coat an entire substrate or add dimension to a printed product using 3D raised spot coating, Kompac will help you create a visually outstanding finished product! Place orders through our website, or by contacting our sales department. Available in 1, 2.5 & 5 gallon pails, these coatings can be ordered and shipped worldwide.

In addition to regular coatings, Kompac has developed custom coating solutions for special applications, and aqueous primers such as Sapphire, Topaz and DigiPrime, as well as UV Gloss, Satin and Matte Primers for difficult to print on materials. These special purpose coatings can be used for the following applications:

- Soft touch • Writing/gluing • Dry erase • Silver/gold scratch off • Blister packaging
- Non-skid/sand • Food grade application • Playing cards • White opaque
